At this time, the Chairman opened the floor for Kim Lynn, Event Planner, Dave Washburn, Vice-President of Operations of FLW, LLC and Kelly Wells, Director of Shreveport Sports Commission to address the Commission Members regarding the upcoming Forrest Wood Cup and Expo. Mr. Washburn stated that there will be three test drives: Ranger Boats, Cam Am ATV and Chevrolet. Mr. Washburn added that the Chevrolet test drive vehicles would be provided by General Motors through Jack Morton Worldwide. Ms. Lynn and Mr. Washburn responded to further questions posed by the Commission Members regarding the Expo. After a brief discussion, Commissioner Ryan made a motion to approve Ranger Boats, Cam Am ATV and Chevrolet's test drive at the Forrest Wood Cup and Expo. Commissioner Bent seconded this motion and it was unanimously approved.

The Executive Director presented to the Commission Members an e-mail correspondence from Lindsey Clifford, Account Executive of Jack Morton Worldwide, dated June 28, 2013, requesting approval for new motor vehicle off-site display:

"General Motors and Chevrolet request permission to display Chevrolet vehicles at the NCLR Annual Conference event in the Morial Convention Center in New Orleans, Louisiana from July 20th through the 22nd.

-Chevrolet requests the opportunity to staff the vehicle display with product specialists who can provide vehicle feature information to consumers. This staff would act as a brand ambassador giving consumers Chevrolet vehicle information.
-Chevrolet also requests the opportunity to conduct lead generation through the product specialist staff by offering attendees of the show a premium item (i.e. t-shirt, umbrella) in exchange for him/her to fill out an electronic data capture tablet with their contact information. This contact information will be submitted through Chevrolet's approved system which follows privacy acts and laws.

We appreciate your consideration of our request. Please do not hesitate to contact me with any questions.

After a brief discussion, Commissioner Hocevar made a motion to approve Jack Morton Worldwide's request to display two new Chevrolet vehicles and staff product specialists at the National Council of La Raza (MCLR) Annual Conference on July 19, 2013 to July 22, 2013. Commissioner Tarver seconded this motion and it was unanimously approved.

With regard to old business, the Executive Director reported to the Commission Members at the last meeting, the Commission instructed the staff to researched the rules of other states regarding the use of the word "invoice" on websites such as Edmunds, NADA, Kelly's Blue Book, etc. The Executive Director advised the research revealed Texas and Mississippi's rules suggested that the use of the term "invoice" or "invoice price" in advertising shall not be used, however, Texas law gives the violator the right to cure. In response to a question, the Executive Director explained the right to cure allows the violator to correct the ad without penalty. The Executive Director reminded the Commission Members that in L.A.R.S.32:1251, the legislature declares as public policy that one of

the functions of the Commission is “to prevent false and misleading advertising.” In LA.R.S.32:1261(A)(2)(c), the Louisiana legislature prohibits a dealer “To resort to or use any false or misleading advertisement in connection with his business as such vehicle dealer or motor vehicle salesman.” The Executive Director continued by adding the United States Fifth Circuit Court of Appeal, in the Joe Conte Toyota vs LMVC case, upheld the position of the Commission and stated in the ruling that the word “invoice” is inherently misleading and as such, unless and until the calculation of “invoice” is no longer inherently misleading, to allow the use of “invoice” in advertising is to allow misleading advertisement, and this cannot be so under the current LMVC regulations and Louisiana Law. At this time, Counselor LaPeyronnie reminded the Commission Members Costco Auto Program had recently been in for a pre-hearing regarding violation of advertising “invoice” on their website. The Executive Director added Costco agreed to comply with the LMVC’s rules and whatever the Commission may decide on this subject but they asked that other organizations, i.e., Edmunds, NADA, Kelly’s Blue Book, etc. be brought into compliance as well. After a brief discussion, Commissioner Bent made a motion that “invoice” advertisement is a violation of Louisiana laws and internet sites such as those discussed must comply with the Commission laws and rules. Commissioner Tarver seconded the motion and it was unanimously approved.

The Executive Director and Counselor McCranie addressed the Commission regarding Act 158; the increasing issues concerning the manufacturers’ Certificate of Origin and manufacturers’ off-site display. The Executive Director presented to the Commission Members for their consideration a proposal for an emergency rule that would address these issues in the interim until such time as the issues could be addressed with either a permanent rule or legislative changes to the statutes. After a discussion, Commissioner Guidry made a motion to adopted the following Emergency Rule and have the staff take the necessary steps in implement same as a permanent rule. Commissioner LeBlanc seconded this motion and it was unanimously approved.

DECLARATION OF EMERGENCY

**Office of the Governor
Louisiana Motor Vehicle Commission**

Definitions (LAC 46:V.101)
New Motor Vehicle Auto Shows; Offsite Displays (LAC 46:V. Chapter 13)
Recreational Product Static Offsite Displays; Offsite Expositions (LAC 46:V. Chapter17)
Manufacturer, Distributor or Wholesaler License Application; Submission of MSO/MCO; Information Included (LAC 46:V Chapter 19)

The Louisiana Motor Vehicle Commission (the “Commission”) is exercising the emergency provisions of the Administrative Procedures Act, R.S. 49:953(B), and pursuant to the authority granted under R.S. 32:1251 et. seq., adopts the following emergency rule effective July 15, 2013 and it shall remain in effect for 120 days or until this Rule takes effect through the normal promulgation process, whichever comes first.

The Louisiana Motor Vehicle Commission finds it necessary to adopt this Rule to further implement the provisions of R.S. 32:1252(l) which amends the definition of an all-terrain vehicle and codifies the agency’s policy of requiring a manufacturer’s certificate of origin in the licensing process. In §1307 the following language is deleted “with a maximum of six vehicles per licensee, per display.” This deletion makes clear the authority of the executive director to approve off-site displays and is consistent with similar provisions in the rule. The requirements for a manufacturer’s motor vehicle display are set forth in §1309. This rule makes no change but codifies the agency’s policy in effect for many years. The same is true of §1707 with regard to recreational product static off-site displays. The licensing requirements set forth in §1901 codify the agency’s requirement that a manufacturer’s certificate of origin accompany a license application and makes clear the requirements for the certificate.
